Other important things to note:

- Please check the BC Bookstore’s [website](#) for any closures – they are currently operating with limited staff and ours. Books can be ordered online through the BC Bookstore site and will be shipped for free. Check the bookstore website linked above for book return dates.
- You can also search for the books online, by searching the book’s ISBN.

If you have any questions regarding your textbooks, you can email your instructors. You can find your instructor’s email by clicking their name (example arrow below).

Students should plan to have textbooks by the first day of class. The quarter starts on Monday, January 4th, 2021.

Note also that many textbooks are available for rent rather than purchase at a significantly lower cost. Amazon or other online bookstores are also options to check.

Many are also available online through the Library or other sources. Check the Bellevue College Library for their updated information: www.bellevuecollege.edu/lmc/

If the cost of the textbook is a barrier, consider these resources:

- The Neurodiversity Navigators LIFT fund can assist students with small costs <\$200 related to BC education costs. Please contact us if this is something you may need this quarter!
- Ben's Fund: www.feakwa.org/bens-fund.html

If you run into any barriers with finding or purchasing textbooks, please contact us asn@bellevuecollege.edu!
