

Healthcare Technology and Management
 Healthcare Information Technology Concentration
 2014-2015
 Bachelor of Applied Science Degree

Student Name: _____

SID: _____

Courses may be subject to prerequisites and minimum grade requirements. Check online at www.bellevuecollege.edu/classes/All/

PROGRAM REQUIREMENTS			REQUESTED SUBSTITUTION/TRANSFER CREDIT (if applicable)			Grade	Quarter	Year
Course	Course Title	Credits	College/University	Course	Credits			
PREREQUISITE REQUIREMENTS								
	Associate degree, or equivalent credits, in IT-related or healthcare-related field	55						
	Science: Must include one lab course and at least one life sciences course	10						
	English Composition I	5						
	College Level Math: Statistics	5						
	Technical Writing/Research Writing	5						
	Social Science	5						
	Humanities (either Humanities or Social Science course must be a communication course)	5						
CORE COURSE – ALL STUDENTS								
ECON 315	Economics of Healthcare	5						
HCTM 310	Essentials of Healthcare Informatics	5						
HCTM 320	Health IT Data Standards	5						
HCTM 375	HIT Project Management	5						
HCTM 410	HIT Systems Analysis and Process Optimization	5						
HCTM 420	HIT Systems Integration and Interoperability	5						
HCTM 430	HIT Systems Implementation	5						
HCTM 440	HIT Systems Operation and Administration	5						
HCTM 450	Healthcare Analytics and Quality	5						
HCTM 460	Leading Change in Healthcare Informatics	5						
HCTM 475	Healthcare Information Technology Field Studies	5						
HCTM 485	Healthcare Information Technology Capstone	5						
PHIL 365	Biomedical Ethics: Theory & Practice	5						
	Choose 15 credits from the following	15						
	HCTM 380 Healthcare Code Sets and Clinical Terminologies (5 Cr)							
	HCTM 455 Data Warehousing in Healthcare (5 Cr)							
	HCTM 470 Healthcare Data Analytics Application (5 Cr)							
	HCTM 494/5/6/7 Healthcare Information Technology Special Topics (5 Cr)							
CORE TOTAL		80						
PATHWAY FOR STUDENTS WITH HEALTHCARE BACKGROUND								
IT 103	Networking Basics	5						
BTS 168	Business Data Management Tools	5						
BUSIT 103	SQL Fundamentals	5						
PTHW TOTAL		15						
PATHWAY FOR STUDENTS WITH IT BACKGROUND								
(IT grads must have 5 credits each in networking, programming and database, equivalent to above courses)								
HCTM 301	US Healthcare Policies and Delivery Systems	5						
HCTM 302	Healthcare Safety, Quality and Legal Environment	5						
HCTM 380	Healthcare Code Sets and Clinical Terminologies	5						
PTHW TOTAL		15						
HLTH IT BAS		95						
GRAND TOTAL		185						

Please complete this form prior to meeting with the Program Chair for signature. Completed form must be submitted to the Evaluations/Graduation Office when applying for graduation.

Healthcare Information Technology Concentration
Healthcare Technology and Management 2014-2015
Bachelor of Applied Science Degree
(continued)

PROGRAM ELIGIBILITY

Individuals must have an associate's degree in an information technology related—or healthcare related—field, or equivalent credits, to be eligible for the BAS degree.

In addition, applicants must have completed the following courses or their equivalents with a grade of 2.0 or higher from a regionally accredited college.

- English Composition I
- Technical or Research Writing
- College-Level Math: Statistics
- Natural Science: two courses must include at least one lab course and at least one life sciences course
- Communication (may fulfill humanities or social science requirement: check with an advisor)
- Humanities
- Social Science

APPLICATION PROCESS

To be considered for the bachelor of applied science in Healthcare Technology and Management with a concentration in Health IT, prospective students must submit the following:

- Completed bachelor of applied science application form.
- Nonrefundable application fee of \$125
- Official transcripts from regionally accredited college(s), demonstrating completion of an appropriate associate's degree or equivalent credits, and the prerequisite courses, with a GPA of 2.0 or higher

TUITION

The Bachelor of Applied Science in Healthcare Technology and Management with a concentration in Health IT is a self-support program and therefore does not necessarily follow the upper division tuition schedule published in the college catalog and quarterly schedule. Tuition includes applicable college and course fees, plus current per credit rates published online at <http://bellevuecollege.edu/enrollment/tuition/>

These courses are not eligible for tuition waivers.

STAYING ON TRACK

Use Degree Audit to track your progress toward completion of this degree at bellevuecollege.edu/degreeaudit

Healthcare Technology and Management

DESCRIPTION

The bachelor of applied science in Healthcare Technology and Management with a concentration in Healthcare Information Technology (BAS) is a career-oriented bachelor degree program designed to prepare individuals to successfully compete for jobs that require knowledge of the healthcare system, information technology knowledge and skills, and supervisory or management skills.

The degree program is designed for individuals with IT and/or healthcare preparation and experience. The first 90 credits of the degree are fulfilled by entrance prerequisites. The second half of the degree program offers a professionally relevant curriculum that helps students achieve their goals.

Learning Outcomes

Degree recipients should possess the skills and abilities described below:

- Apply knowledge of current and emerging data standards and principles of interoperability.
- Apply project management processes and tools in the context of complex IT projects and teams, and in the midst of changing and conflicting demands.
- Comply with all healthcare laws and regulations relating to information security, privacy and protected health information, and meet institutional accreditation and certification requirements.
- Contribute to systems integration and perform information technology systems customization to meet the needs of the healthcare organization.
- Contribute to process improvement through the redesign of healthcare workflow and information management practices to better leverage the capabilities of new information technology systems.
- Gather, identify and document requirements for technology solutions, working closely with clinical and non-clinical stakeholders and considering privacy, regulatory, efficiency and security issues.
- Manage, analyze and present healthcare data for effective decision-making in support of a wide array of healthcare practices such as meaningful use initiatives, patient safety studies, and revenue cycle management.
- Serve as liaison between technical and clinical functions to support users, including training and documenting the use of new technologies.

DEGREE REQUIREMENTS

A complete description of the required curriculum is shown on the following page. In addition to eligibility requirements, students must also achieve the following:

- Completion of 93-95 quarter credits in the general program and concentration requirements, with a grade of "C", or better.
- A minimum cumulative GPA of 2.0 for all coursework taken at BC and the courses applied to the degree, including credits transferred from other colleges.
- At least 45 quarter credits for the degree must be completed in residence at BC, of which 30 credits must be upper division.

GRADUATION APPLICATION

Students must apply for graduation. Submit your graduation application form two quarters prior to the expected graduation date and pay the application fee.

Application deadlines:

- Fall: June 1
- Winter: October 10
- Spring: December 10
- Summer: March 15
