## Nursing

**Associate in Applied Science-T Degree** 

The Name of AAC Transfer decrees a solid and a decided a solid and	
The Nursing AAS-Transfer degree combines technical courses required for job preparation and college-level general education courses. These degrees	
are designed for the dual purpose of immediate employment and prepara-	
tion for the junior year in a Washington state bachelor of applied science	
(BAS) degree program. The AAS-T degree generally will not be accepted in	
transfer-in preparation for bachelor of arts or bachelor of science degrees although the general education component of the degree will be accepted	
in transfer.	
Once required prerequisites are completed, the 6-10 quarter selective	
admissions nursing program prepares students to become registered nurses	
(RN). Accredited by the National League for Nursing Accrediting Commission (NLNAC) and approved by the Washington State Nursing Care Quality	
Assurance Commission, the curriculum provides didactic education and	
clinical experience in medical, surgical, pediatric, behavioral health, mater-	
nity, and gerontological nursing. To be considered for acceptance into the	
program, students must follow specific admission guidelines, published annually at <i>www.bellevuecollege.edu/nursing/</i> .	
Students in the Nursing Program must earn a C (2.0) or better in all courses	
required for a degree or certificate.	
LEARNING OUTCOMES	
Degree recipients should possess the skills & abilities described below:	
<ul> <li>Apply the standards of professional practice, be accountable for their</li> </ul>	
own actions and practice nursing within legal, ethical and regulatory frameworks.	
Assist the client to manage change, develop more satisfying interper-	
sonal relationships, and integrate new knowledge and skills.	
Collect information in an orderly fashion from multiple sources to	
establish a foundation for provision of nursing care, identify available resources and perform ongoing assessment to meet the client's chang-	
ing needs.	
<ul> <li>Identify individualized solutions and deliver accurate, safe care that</li> </ul>	
moves the client and support person(s) toward positive outcomes.	
<ul> <li>Create an environment in which cultural values, beliefs, and lifestyles of the client are respected.</li> </ul>	
<ul> <li>Promote and facilitate informed decision making, and support self-care</li> </ul>	
activities of the client.	
Collaborate with the client and health care team in planning and deliver-	
ing care.	
<ul> <li>Manage client care through efficient, effective use of human, physical, financial, and technological resources.</li> </ul>	
initiation, and technological resources.
