The Bachelor of Science in Nursing Program (RN to BSN) is designed for students with an associate degree in nursing. The RN to BSN nursing program curriculum expands knowledge and skills in evidence based practice, community health, professional communication, leadership, and health information technology (HIT), as well as healthcare systems and policies. Learning experiences are focused on individuals, families, groups and communities. Students have the opportunity to complete additional courses or fieldwork in specialty areas such as global health, leadership, community health and health information systems.

### LEARNING OUTCOMES

Degree recipients should possess the following skills and abilities:

- Evaluate and apply evidence-based research to clinical practice
- Appraise protective and predictive factors, including genetics, which influence the health of individuals, families, groups, communities and populations
- Develop and implement creative strategies to enable systems to change
- Negotiate and resolve conflicts to support professional, positive working relationships

- Utilize intra- and inter-professional resources to resolve ethical and other practice dilemmas
- Assess and fully utilize sophisticated healthcare information management systems to maximize patient outcomes

### PROGRAM ELIGIBILITY

Individuals must have:

- Current unrestricted licensure as a registered nurse in Washington State
- An associate degree in nursing from a regionally accredited institution (Students in final year of an associate-degree nursing program may be admitted, but must take and pass the NCLEX by the end of fall quarter. Successful passing of NCLEX is equivalent to 45 college credits.)
- At least one year of clinical experience as a nurse (ADN clinical may be applied)
- Earned thirty-five nursing credits (quarter system) from an associate degree nursing program at a regionally accredited institution
- Completed thirty-five credits (quarter system) of general education requirements
- A cumulative GPA of at least 2.0 in all college coursework
- Earned a minimum grade of 2.0 in each of the required courses **Page 1 of 2**
